

# Cladding Options

Pemberton offer four different exterior claddings across ALL models providing customers with the ultimate bespoke service. They range from aluminium and vinyl cladding to timber and Canoxel and therefore suit all tastes.

## CANEXEL

Canoxel is available throughout the model range in 5 different colours.

## VINYL CLADDING

Vinyl is available throughout the model range in cream, sand or environmental green.

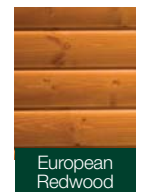

## ALUMINIUM CLADDING

Aluminium is available throughout the model range in seafoam, sandstone and environmental green.

## TIMBER CLADDING

Pemberton use European Redwood which is selected from a certified supply chain with FFC and PEC Certification. More specific advice can be obtained from the park owner.
